

Servco Driven To Offer Top-Notch Customer Service

Taking the wheel as 2011's "Best Automotive Dealership" is Servco Pacific Inc., a company known equally for its extensive automotive services and exceptional customer service.

From its humble start in 1919 when founder Peter Fukunaga made a \$25 down payment on a two-car repair garage in Haleiwa, Servco has

grown into one of the top 15 corporations in Hawaii, with a wide range of automotive products that includes everything from appliances and garage doors to insurance from reliable brands like Toyota, Lexus, Subaru, Scion, Suzuki, Chevrolet, GE, Bosch, Raynor, Bridgestone and First Insurance.

But what Servco prides itself in most is

its customer service, an attribute that has been a key part of the company for 92 years.

"Servco's vision is to be the company with the best customer service in Hawaii," said Servco Automotive president Rick Ching. "From our company policy of no additional dealer mark-up to the integrity of our experienced sales team's no-hassle

sales approach, all the way to the individualized attention our service team provides for each car, we are constantly striving to ensure customer satisfaction is our No. 1 priority.

"This is a great honor for Servco, and we thank the readers for their confidence in us."
